

Congratulations Antoine Boulos

As you may be aware, the casefiles for the shortlisted nominees were submitted to the judging panel earlier this month for the 2017 Architecture awards. The decisions have now been made and I am extremely pleased to announce that you have won;

#### **Most Outstanding in Residential Design**

During the Architecture awards process we invited corporate professionals, the general public and our subscriber base to nominate associations, companies & individuals based on their achievements over the previous 12 months. Additionally Corporate Livewire's research team has put forward a selection of teams and individuals who have excelled within their sector.

Information was submitted on each nominee and our independent judging panel has decided upon the most deserving teams, practices and individuals to walk away with one of these prestigious accolades. Award winners will gain a place in our soon-to-be published awards winners' guide, which will be distributed to over **500,000 businesses and professionals, as well as being distributed in [Aspire](#) Airport Lounges around the world.**
